caring for all

# be the difference last year with your help we...

- Increased our pupil intake at Shams National School, India to 3,350, with new science laboratory, I.T. classrooms, and sports facilities.
- Entered Phase 3 of our outstanding school construction project, together with a purpose built orphanage which will support 500 orphans.
- Sponsored 375 Hafiz and 530 Orphans from Pakistan, Bangladesh, India, Malawi and Sri Lanka, Gaza and Egypt.
- Installed 3000 hand pumps, 100 motor pumps and 22 water wells in Pakistan, India, Bangladesh and Africa.
- Funded Community Projects: Supporting schools, orphanages and health clinics, providing Ramadan Iftars and food distribution; and providing fresh meat for Udhiyah/Qurbani and Aqeeqah through community based initiatives.

Last year saw our  
intake of pupils rise  
to 3,350 building  
better futures

There are millions of orphans worldwide, many of these children are utterly helpless and forced to face an uncertain future all by themselves.

Your Support cares for orphans in Malawi

### Sponsor an orphan

At ILM UK, we're dedicated to supporting children with a smile.

With the support of generous donors, we are able to provide our orphans with healthcare, a safe and loving home, nutritious meals, clothing, secure futures and better opportunities.

### Our Happy Home

Our Orphanages provide just that; they offer a safe home, education, health care and security for our children.

Our 'Happy Home' A brand new village in Lucknow will accomodate 100's of orphans and provide them with a safe and family orientated home.

### ILM Hafiz Programme

Faith is conducive to strength of the human spirit, equality and justice. Through learning the Quran by heart students gain spiritual enlightenment and an aptitude for dedication to the challenges that future life presents. Religion bonds people and communities together. Help a child gain understanding today.

UNITED NATIONS

If you have no clean water, you must seek it out. The time spent could have been applied to caring for the family, getting an education or work. Contaminated water claims the lives of 500,000 children every year. End this cycle of poverty with simple solutions.

### Hand pumps

Quick and simple to install with rudimentary tools these are a popular solution for small to medium sized communities and can function for 50 years. Banishing contaminated water and thousands of lost hours for a community, provides the opportunity for growth.

### Motor Pumps

One motorised pump can provide enough water to support a whole village with ease. Our programme in India and Pakistan removes the need for countless often unsafe journeys by women and children for fresh water. You also have the option to go one step further and ask about installing a well.

### Water Saves Lives

**£170**  
per handpump

**£300**  
per motor pump

These prices are for pumps in India or Pakistan. Please call us to find out the costs in other places around the world.

# womens empowerment

Help women realise their potential! For over ten years this has been a prime directive for ILM UK, investing in women strengthens not only families but society. We work towards rights and opportunities.

Through networks and collaboration via organised co-operatives and groups we provide routes toward an education covering both business, commerce and leadership skills for women.

Our sewing workshops allow women to gain a new skill and qualified students will receive their own sewing machine to form a village co-operative, and provide a valuable income.

We also provide support for widows with clothing, food and healthcare for only £30 a month.
